Dear SCIP attendee,

We're looking forward to seeing YOU at the 16th Annual SCIP Conference and Exhibit in Seattle. We hope you'll join us for a brief product demonstration, and we invite you to take advantage of the no-obligation trial offer we're extending to conference attendees.

Companies seeking a sustainable competitive advantage in today's dynamic marketplace require high-value business intelligence and analysis. Intelligence Data sets the standard as the most comprehensive source of up-to-date, accurate information on thousands of U.S. and international companies across all major industries.

To help you keep pace with today's changing business environment, we offer expert opinion and critical analysis via a powerful search engine. Our IntelliscopeSM product incorporates a flexible and intuitive interface with many useful features designed to increase your productivity and save you time. For added convenience, users have a choice of delivery options—our high-value content is available through a Web interface, a link from your corporate intranet, or a custom feed into your intranet for enterprise-wide distribution.

Intelliscope provides access to nearly 2 million broker reports from over 650 active contributors working for the world's most trusted research companies. Intelliscope customers can also subscribe to First Call Notes, which deliver the latest news from Wall Street via timely updates on key company and industry events. Each business day, over 1,500 new broker research reports and more than 2,300 new First Call Notes—with up to 4,800 notes during earnings periods—are posted to our databases to keep you informed of changes within companies, industries, and market regions.

Intelligence Data also offers important industry news as covered by 2,500 trade journals and dozens of leading newswires. This information is currently available through our InSite 2SM product, but will soon be integrated into Intelliscope for an even greater range of data accessible through a single, industry-leading search tool.

If you have any questions, please give us a call at **1-800-654-0393**, visit us online at **www.intellicencedata.com**, or stop by **booth #306/308** at the SCIP exhibit hall to speak with one of our representatives. We would be glad to provide you with a **no-obligation product trial**. Find out for yourself how we can play a valuable role in the success of your business efforts including competitive intelligence, new business development, strategic planning, mergers and acquisitions, and more.

INTELLIGENCE DATA Come and take a closer look!

Bring this form to **booth #306/308** for a NO-OBLIGATION trial offer.
